Summary of Legislation: (Amended) This bill allows a physical therapist to evaluate a patient without a referral, but requires the physical therapist to contact the patient's appropriate provider and obtain a referral before providing treatment. The bill allows a physical therapist to provide treatment to a patient who was previously referred to the physical therapist for the same condition if: (1) the referral was given not more than three months before the request for the later treatment; and (2) the physical therapist contacts the referring provider within three days. The bill also specifies that a physical therapist may perform sharp debridement only on the order of a physician. It also requires a physical therapist to have additional specified education in order to perform a spinal manipulation.

Effective Date: July 1, 2008.
